## Terms and conditions of admissions

In accordance with the Digest of Decisions\* of the European Schools (Chapter XII, Section A), pupils of the European School Munich are divided into three categories and ranked accordingly in their priority admittance.

### Category I pupils

Children of employees of the European Patent Office in Munich, of the EU, of teachers and of administrative and ancillary staff of the school. These children have to be admitted to the ESM and are exempt from school fees.

### Category II pupils

Children covered by individual agreements or decisions, each entailing specific rights and obligations for the children concerned, particularly as regards school fees.

### Category III pupils

Children who do not belong to Categories I and II. They will be admitted in accordance with a dedicated ESM admission policy approved by the Board of Governors of the European Schools at its meeting of 1, 2 and 3 December 2010 (document 2010-D-1310-en-4 )

This policy was established foremost in view of the fact that the ESM is faced with a persisting overcrowding situation due to the substantial and steady increase of Category I pupils over the past years who must be admitted to the ESM.

Applications for enrolment of Category III pupils should be submitted no later than May 31 of the current school year for the next school year.

The detailed admission criteria can be found under "General Info" on the ESM website  
www.esmunich.de

\* The Digest of Decisions can be found on the official website of the European Schools: www.eursc.eu

# European School Munich ESM

[www.esmunich.de](http://www.esmunich.de)

The European School Munich (ESM) is one of 14 schools in the system of the European Schools, which are legally recognised as official educational establishments and controlled jointly by the EU governments. Its mission is to provide multilingual and multicultural education for nursery, primary and secondary level pupils.
